

True as Preaching

"A bird in the hand is worth two in the bush," that's true. The dollar saved and in your pocket is worth two earned. More truth. But here's some more that's true as preaching: The dollar safely deposited in the bank is worth two jingling in your pocket. Why? Because it is safe. You are not so liable to spend or lose it. Also it is an incentive toward further accumulation. It is safe from the hold-up man, can't find the hole in your pocket, is where every earned dollar ought to be, subject to your check.

Indications are favorable to this being a good year on the carpenters in Huntingdon. There is going to be quite a lot of new building and much repair work done this year. This is an encouraging sign and we are glad to see it. It speaks well for a town to see improvements being made along this line.

Geo. W. Parish was called to Westport last Friday morning on the account of the serious illness of his mother, Mrs. Elizabeth Parish. Mr. Parish's family also went to Westport that evening. Mrs. Parish was in a very critical condition and it was thought a while she could not recover, but when Mr. Parish left her Monday she was much improved. She is 83 years old and quite feeble and this makes her recovery less certain.

A committee of Cumberland Presbyterians representing Barren Springs church, in the Tenth district, was here last Tuesday looking into the will of the late William Johnson. It was understood that Mr. Johnson had willed some of his property to that church and these gentlemen were looking into the matter. We understand they failed to find anything to encourage the hope of the church ever being able to receive any part of the estate left by Mr. Johnson. Mr. Johnson's first will, which did provide that some of his property, under certain conditions, should go to this church, was changed, we understand, before he died.

Also at the dining table from which dainty afternoon refreshments were served, Bible questions were asked and discussed.

Mrs. A. W. Dodson entertained with church tea Tuesday afternoon, about 35 guests being present. A pleasant afternoon was spent informally, conundrums and music being features of the occasion.
